

## CALENDAR LISTING TEMPLATE – Customizable for all locations

**NESEA's Green Buildings Open House Coming to [Town/County]!**

**Saturday, October 2, 2010**

**10:00 am - 4:00 pm**

**Homes and Businesses in [Town and Country]**

Get ready to be inspired as you view first hand clean, renewable energy at work on **Saturday, October 2!**

The Northeast Sustainable Energy Association (NESEA) invites you to visit sustainable, green homes and buildings throughout New England, Delaware, New York, New Jersey, and Pennsylvania, and right here at home in **[Town or County]**! The event is free in most locations. Last year more than 15,000 people participated in some 600 tours. NESEA's Green Buildings Open House operates in conjunction with the American Solar Energy Society's National Solar Tour. See how your neighbors are reducing their carbon footprint and cutting their energy bills through the power of the sun, wind, smart building design, and energy efficient appliances and technologies. To find the Green Buildings Open House sites nearest you, visit [www.nesea.org/greenbuildings](http://www.nesea.org/greenbuildings). Make a difference by going green!
