

JSS 2008 Championship Results

Congratulations to all who competed at this year's Sprint Championship!

With 109 teams pre-registered, the Science Museum Quadrangle filled up quickly as more than 275 middle school students from across the Northeast vied for recognition of who built this year's fastest, best crafted, most innovative, and finest technically-designed model solar cars. Additional award categories included Best Re-Use of Materials, Kids' Choice, and Artistic Merit. Here are this year's top award winners.

**Winning Grand Champion,
Second Place in Innovation, and Third Place in Technical Merit.
This team also scored high in Kids' Choice and
was unofficially recognized for good sportsmanship by line judges.**
