

Totally Tree-mendous Activities

Description

A resource for busy teachers & parents that offers fun, creative, easy-to-use tree-based projects for students. Students learn tree identification, seasonal changes, and the benefits of trees. They learn about research and fieldwork, arts and literature, and how to "grow a park." Some activities include: Trees as Environmental Indicators, Beautiful Bark Costumes, Twig Explorations, Know Your Needles, Rooting Around, Photosynthesis Magic, "Poet-tree," Sawdust Masks, Trees as Shelter, Composting, Town Tree History, and much more. **40 pages**

Availability
