

Free Junior Solar Sprint Leader Workshop

Attention All Science Teachers

A desire to inspire enthusiasm for science, engineering, and mathematics is what drives the Junior Solar Sprint program...

Free Hands-On Junior Solar Sprint Workshop
Saturday, February 6th @ 9 AM
Science Leadership Academy
55 N. 22nd St.
Philadelphia, PA 19103

The workshop is limited to 20 participants so register early. If there is enough interest, more workshops will be scheduled.

The Solar Sprint challenges 5th – 8th grade students to design, build, and race electric model cars powered by the sun. For more information or to register for the JSS workshop, please contact Joe Bruno **610-639-1813** joegbruno@comcast.net or visit the NESEA website www.nesea.org/k-12/juniorsolarsprint

The Philadelphia Area Solar Sprint will be held **May 22, 2010**, at the **Franklin Institute**. An "Open Division" for high school students has been added. High school teachers interested in having their students compete in the open division are encouraged to attend the workshop.

JSS competition and workshops are organized by the Northeast Sustainable Energy Association & the Philadelphia Solar Energy Association. They are funded by the US Army and materials donated from PITSCO.

Thanks!
Joe Bruno
